

This Heart of Mine is Yours
by
Donna I. Douglas
and
Babbie Mason

Before God hung the moon
Or put the countless stars in space
He knew we'd be right here together
At this time and at this place
So He painted every sunrise
And He numbered every day
Until this moment in time
When we would give our hearts away

And so I promise to be faithful
I promise I'll be true
There's no need to ever wonder
Because there's no one else for me but you
Beginning now, until forever
Of this one thing you can be sure
For every moment of our lifetime
This heart of mine is yours

So as we make our vows
Before our family and friends
And make a covenant with Jesus
To love each other without end
Never knew what I was missin'
Or realized how life could be
Such a blessed and new dimension
To be together for this journey

Chorus

Love is patient, love is kind
Love never envies
It does not boast, it offers hope
Love endures all things

Chorus
